

# Case Study CS1

## Maintenance

### *Length of relationship:*

2 years - ongoing

### *Location(s):*

Old Trafford Stadium and Manchester United's Training Ground at Carrington

### *Successes:*

Burtonwood Generators' proven track record and quality assurance levels saw the company appointed by Manchester United in 2007 following a competitive tender process. In that time a seamless and reliable power supply has been maintained to the Old Trafford Stadium, particularly crucial during its hosting of nationally and often internationally televised live broadcasts.

### *Work undertaken:*

Burtonwood Generators is responsible for providing ongoing generator maintenance at both Old Trafford and the Carrington training ground, performing load bank testing and the upgrade of systems as necessary. A 24 hour, 7 day a week call out service ensures our engineers are available to resolve any issues which arise unexpectedly.

**The Power of Experience**

We can offer you even more ...

We may not know what power generation services you would like but we do know we have already developed a solution for your application.

We would be pleased to send you more details on any of the products listed below. Simply photocopy this page with your information requests marked and send to the fax number at the foot of this page nearest your location.
