

Case Study CS4

Supply & Install

Length of relationship:
10 years ongoing

Location(s):
Various Police Authorities across the UK

Successes:
Providing a tailored and responsive approach to meet the varying power needs of Police Authorities has been a key factor in the Burtonwood Generators successful provision for the last 10 years.

For Greater Manchester Police, for instance, the team developed an entirely new exhaust filter system enabling a generator to run without emitting black smoke either on start up or when running. This feature - devised to meet GM Police's strict environmental targets - represents the collaborative and can-do approach which we provide to all customers.

We have also successfully provided power for a number of specialist and highly sensitive training projects - including police anti-terrorism exercises.

Work undertaken:
Burtonwood Generators provides bespoke and standard set generators, together with an installation and maintenance service - including low voltage switch gear - to the following Police Authorities:

- Devon and Cornwall
- Brighton Police
- Durham County Council
- Cleveland Police
- Metropolitan Police (New Scotland Yard)
- Sussex Police HQ
- Hove Police
- Greater Manchester Police
- Merseyside Police
- Hastings Police
- Lewes Police HQ
- Cumbria Police Authority
- Surrey Police

The Power of Experience

We can offer you even more ...

We may not know what power generation services you would like but we do know we have already developed a solution for your application.

We would be pleased to send you more details on any of the products listed below. Simply photocopy this page with your information requests marked and send to the fax number at the foot of this page nearest your location.

Don't forget to put your own details so we can respond.

- Diesel Generators
- Switch Gear Services
- Generator Hire
- Generator Maintenance
- Switch Gear Protection
- Training
- Installation
